Psalm 148:1 – 4

“Praise ye the LORD. Praise ye the LORD from the heavens; praise Him in the heights. Praise Him, all His angels; praise Him all His hosts. Praise Him, sun and moon; praise Him heavens of heavens and *the* waters that are above the heavens.” Psalm 148:1 – 4

The Word of God can be trusted. It can be believed. It is an accurate and truthful record of God’s redemptive dealing with mankind. While not primarily a book of science – when it does speak or comment on these issues it is accurate and can be trusted. Though not a popular position, the Word of God offers us an accurate and complete account of God’s dealings with men. Scientists may attempt to discard the validity of the Scriptures, but eventually their arguments will crumble.

“Praise Him ye waters that are above the heavens.” The book of Genesis tells us that at the creation God divided the waters. “And God said, “Let there be a firmament in the midst of the waters, and let it divide the waters which were under the firmament from the waters which were above the firmament...” And God called the firmament heaven.” (Genesis 1:6 – 8).

Listen what a scientific article entitled “*Water, Water Everywhere*” had to say on this subject¹. “Initial observations from NASA’s newest astronomical satellite show that the material between the stars is saturated with water... ..regions when stars and planets are born. What it found was water, and lots of it.”

Before scientists could “see” what was “out there”, God gave us a record that can be believed. He also has given us a record of man’s sin and its most certain consequences. One day that too, will be evident and God’s righteousness justified. Today is your time and opportunity to agree with God. Make your decision today while there is still time.

“It is appointed for man once to die and after that the judgment.” Hebrews 9:27)
